DECISION ON JOINT STIPULATION¹

On July 17, 2015, Amanda Green (“petitioner”) filed a petition for compensation pursuant to the National Vaccine Injury Compensation Program.² Petitioner received a meningococcal vaccine on July 23, 2012. Petitioner alleges that as a result of the meningococcal vaccine, she developed daily persistent headaches and motor tics and that she suffered the residual effects of her injuries for more than six months.

On October 5, 2017, the parties filed a stipulation in which they state that a decision should be entered awarded compensation to petitioner. Joint Stipulation (ECF No. 33). Respondent denies that the meningococcal vaccine caused petitioner’s alleged daily persistent headaches, motor tics, or any other injury, and further denies that petitioner’s current disabilities

STIPULATION

The parties hereby stipulate to the following matters:

1. Amanda Green ("petitioner") filed a petition for vaccine compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 to 34 (the "Vaccine Program"). The petition seeks compensation for injuries allegedly related to petitioner's receipt of the meningococcal vaccine, which vaccine is contained in the Vaccine Injury Table (the "Table"), 42 C.F.R. § 100.3(a).
2. Petitioner received a meningococcal vaccine on July 23, 2012.
3. The vaccine was administered within the United States.
4. Petitioner alleges that she developed daily persistent headaches and motor tics, which were caused-in-fact by the meningococcal vaccine. Petitioner further alleges that she suffered the residual effects of her injuries for more than six months.
5. Petitioner represents that there has been no prior award or settlement of a civil action for damages on her behalf as a result of her condition.

6. Respondent denies that the meningococcal vaccine caused petitioner's alleged daily persistent headaches, motor tics, or any other injury, and further denies that petitioner's current disabilities are sequelae of a vaccine-related injury.

7. Maintaining their above-stated positions, the parties nevertheless now agree that the issues between them shall be settled and that a decision should be entered awarding the compensation described in paragraph 8 of this Stipulation.

8. As soon as practicable after an entry of judgment reflecting a decision consistent with the terms of this Stipulation, and after petitioner has filed an election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), the Secretary of Health and Human Services will issue the following vaccine compensation payment:

A lump sum of \$132,190.59 in the form of a check payable to petitioner. This amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).

9. As soon as practicable after the entry of judgment on entitlement in this case, and after petitioner has filed both a proper and timely election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), and an application, the parties will submit to further proceedings before the special master to award reasonable attorneys' fees and costs incurred in proceeding upon this petition.

10. Petitioner and her attorney represent that they have identified to respondent all known sources of payment for items or services for which the Program is not primarily liable under 42 U.S.C. § 300aa-15(g), including State compensation programs, insurance policies, Federal or State health benefits programs (other than Title XIX of the Social Security Act (42 U.S.C. § 1396 et seq.)), or entities that provide health services on a prepaid basis.

11. Payment made pursuant to paragraph 8, and any amounts awarded pursuant to paragraph 9 of this Stipulation, will be made in accordance with 42 U.S.C. § 300aa-15(i), subject to the availability of sufficient statutory funds.

12. The parties and their attorneys further agree and stipulate that, except for any award for attorneys' fees and litigation costs, the money provided pursuant to this Stipulation will be used solely for the benefit of petitioner as contemplated by a strict construction of 42 U.S.C. § 300aa-15(a) and (d), and subject to the conditions of 42 U.S.C. § 300aa-15(g) and (h).

13. In return for the payments described in paragraphs 8 and 9, petitioner, in her individual capacity, and on behalf of her heirs, executors, administrators, successors, and assigns, does forever irrevocably and unconditionally release, acquit and discharge the United States and the Secretary of Health and Human Services from any and all actions or causes of action (including agreements, judgments, claims, damages, loss of services, expenses and all demands of whatever kind or nature) that have been brought, could have been brought, or could be timely brought in the United States Court of Federal Claims, under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 et seq., on account of, or in any way growing out of, any and all known or unknown, suspected or unsuspected personal injuries to or death of petitioner resulting from, or alleged to have resulted from, the meningococcal vaccine administered on July 23, 2012, as alleged by petitioner in a petition for vaccine compensation filed on or about July 17, 2015, in the United States Court of Federal Claims as petition No. 15-748V.

14. If petitioner should die prior to entry of judgment, this agreement shall be voidable upon proper notice to the Court on behalf of either or both of the parties.

15. If the special master fails to issue a decision in complete conformity with the terms of this Stipulation or if the United States Court of Federal Claims fails to enter judgment in conformity with a decision that is in complete conformity with the terms of this Stipulation, then the parties' settlement and this Stipulation shall be voidable at the sole discretion of either party.

16. This Stipulation expresses a full and complete negotiated settlement of liability and damages claimed under the National Childhood Vaccine Injury Act of 1986, as amended, except as otherwise noted in paragraph 9 above. There is absolutely no agreement on the part of the parties hereto to make any payment or do any act or thing other than is herein expressly stated and clearly agreed to. The parties further agree and understand that the award described in this Stipulation may reflect a compromise of the parties' respective positions as to liability and/or amount of damages, and further, that a change in the nature of the injury or condition or in the items of compensation sought, is not grounds to modify or revise this agreement.

17. This Stipulation shall not be construed as an admission by the United States or the Secretary of Health and Human Services that the meningococcal vaccine caused petitioner's alleged daily persistent headaches, motor tics, or any other injury, or that her current disabilities are sequelae of her alleged vaccine-related injuries.

18. All rights and obligations of petitioner hereunder shall apply equally to petitioner's heirs, executors, administrators, successors, and/or assigns.
