On October 21, 2015, petitioner filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,<sup>2</sup> (the “Vaccine Act”). Petitioner alleges that she suffered a left shoulder injury as a result of her October 10, 2014 influenza vaccination. Petition at 1-3. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On March 16, 2016, a ruling on entitlement was issued, finding petitioner entitled to compensation for a shoulder injury related to vaccine administration (“SIRVA”). On June 24, 2016, respondent filed a proffer on award of compensation (“Proffer”) indicating petitioner should be awarded \$126,365.30. Proffer at 1. No. 15-1227V (ECF)  
Chief Special Master  
Nora Beth Dorsey

**RESPONDENT’S PROFFER ON AWARD OF COMPENSATION**

In her March 16, 2016 decision, the Chief Special Master found that a preponderance of the medical evidence indicates that petitioner suffered a shoulder injury related to vaccine administration (“SIRVA”), which was causally related to the flu vaccination she received on October 10, 2014. The parties have now addressed the amount of compensation to be awarded in this case.

**I. Compensation**

Based upon the evidence of record, respondent proffers that petitioner should be awarded a total lump sum of \$126,365.30, which amount represents all elements of compensation to which petitioner would be entitled under 42 U.S.C. § 300aa-15(a).<sup>1</sup>

Petitioner agrees.

---

<sup>1</sup> Should petitioner die prior to entry of judgment, respondent would oppose any award for future medical expenses, future lost earnings, and future pain and suffering, and the parties reserve the right to move the Court for appropriate relief.

**II. Form of the Award**

The parties recommend that the compensation provided should be made in a lump sum payment in the form of a check for \$126,365.30, payable to petitioner.

Respectfully submitted,
