RULING ON ENTITLEMENT¹

Dorsey, Chief Special Master:

On December 4, 2015, Jennifer Leedy (“petitioner”) filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,² (the “Vaccine Act”). Petitioner alleges that as a result of an influenza (“flu”) vaccine she received on October 1, 2014, she suffered a shoulder injury related to vaccine administration (“SIRVA”), including tendinopathy. Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On April 7, 2016, respondent filed her Rule 4(c) report in which she concedes that petitioner is entitled to compensation in this case. Respondent’s Rule 4(c) Report at 1. Specifically, respondent states that the alleged injury is consistent with a shoulder injury related to vaccine administration and that petitioner met the statutory requirements by suffering the condition for more than six months. *Id.* at 4. further states that based on the records as it stands, petitioner has satisfied all legal prerequisites for compensation under the Act. *Id.*

In view of respondent's concession and the evidence before me, the undersigned finds that petitioner is entitled to compensation.

IT IS SO ORDERED.
