### **DECISION AWARDING DAMAGES<sup>1</sup>**

On December 15, 2017, the parties filed the attached stipulation in which they agreed to settle this case and described the settlement terms. Petitioner alleges that she suffered Guillain-Barré Syndrome (“GBS”) that was caused by her October 16, 2014 receipt of influenza (“flu”) and pneumococcal vaccines. Respondent denies that the flu vaccine caused petitioner’s GBS or any other injury. Nonetheless, the parties agreed to resolve this matter informally.

<sup>1</sup> Because this unpublished decision contains a reasoned explanation for the special master’s action in this case, the special master intends to post this unpublished decision on the United States Court of Federal Claims’s website, in accordance with the E-Government Act of 2002, Pub. L. No. 107-347, 116 Stat. 2899, 2913 (Dec. 17, 2002). Vaccine Rule 18(b) states that all decisions of the special masters will be made available to the public unless they contain trade secrets or commercial or financial information that is privileged and confidential, or medical or similar information whose disclosure would constitute a clearly unwarranted invasion of privacy. When such a decision is filed, petitioner has 14 days to identify and move to delete such information prior to the document’s disclosure. If the special master, upon review, agrees that the identified material fits within the banned categories listed above, the special master shall delete such material from public access.

The undersigned finds the terms of the stipulation to be reasonable. The court hereby adopts the parties' said stipulation, attached hereto, and awards compensation in the amount and on the terms set forth therein. Pursuant to the stipulation, the court awards a lump sum of **\$15,000.00**, representing reimbursement for all damages that would be available under 42 U.S.C. § 300aa-15(a) (2012). The award shall be in the form of a check payable to petitioner in the amount of **\$15,000.00**.

In the absence of a motion for review filed pursuant to RCFC Appendix B, the clerk of the court is directed to enter judgment herewith.<sup>2</sup>

**IT IS SO ORDERED.**

**STIPULATION**

The parties hereby stipulate to the following matters:

1. Jane Ahler, petitioner, filed a petition for vaccine compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §§ 300aa-10 to -34 (the "Vaccine Program"). The petition seeks compensation for injuries allegedly related to petitioner's receipt of the influenza ("flu") and pneumococcal vaccines. The flu vaccine is contained in the Vaccine Injury Table (the "Table"), 42 C.F.R. § 100.3(a).<sup>1</sup>
2. Petitioner received flu and pneumococcal vaccinations on or about October 16, 2014.
3. The vaccines were administered within the United States.
4. Petitioner alleges that the flu vaccine caused her to develop Guillain-Barré Syndrome ("GBS"). Petitioner further alleges that she experienced the residual effects of this injury for more than six months.

---

<sup>1</sup> The petition and petitioner's vaccination record do not specify whether petitioner received the Prevnar (pneumococcal conjugate) vaccine, which is covered under the Program, or the Pneumovax vaccine, which is not.

5. Petitioner represents that there has been no prior award or settlement of a civil action for damages as a result of her condition.

6. Respondent denies that the flu vaccine administered on or about October 16, 2014, is the cause of petitioner's alleged GBS and/or any other injury or her current condition.

7. Maintaining their above-stated positions, the parties nevertheless now agree that the issues between them shall be settled and that a decision should be entered awarding the compensation described in paragraph 8 of this Stipulation.

8. As soon as practicable after an entry of judgment reflecting a decision consistent with the terms of this Stipulation, and after petitioner has filed an election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), the Secretary of Health and Human Services will issue the following vaccine compensation payment:

A lump sum of \$15,000.00 in the form of a check payable to petitioner. This amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).

9. As soon as practicable after the entry of judgment on entitlement in this case, and after petitioner has filed both a proper and timely election to receive compensation pursuant to 42 U.S.C. § 300aa-21(a)(1), and an application, the parties will submit to further proceedings before the special master to award reasonable attorneys' fees and costs incurred in proceeding upon this petition.

10. Petitioner and her attorney represent that they have identified to respondent all known sources of payment for items or services for which the Program is not primarily liable under 42 U.S.C. § 300aa-15(g), including State compensation programs, insurance policies, Federal or State health benefits programs (other than Title XIX of the Social Security Act (42 U.S.C. § 1396 et seq.)), or entities that provide health services on a pre-paid basis.

11. Payment made pursuant to paragraph 8 of this Stipulation, and any amount awarded pursuant to paragraph 9 of this Stipulation, will be made in accordance with 42 U.S.C. § 300aa-15(i), subject to the availability of sufficient statutory funds.

12. The parties and their attorneys further agree and stipulate that, except for any award for attorneys' fees and litigation costs, and past unreimbursable expenses, the money provided pursuant to this Stipulation will be used solely for the benefit of petitioner as contemplated by a strict construction of 42 U.S.C. § 300aa-15(a) and (d), and subject to the conditions of 42 U.S.C. § 300aa-15(g) and (h).

13. In return for the payments described in paragraphs 8 and 9, petitioner, in her individual capacity, and on behalf of her heirs, executors, administrators, successors and/or assigns, does forever irrevocably and unconditionally release, acquit and discharge the United States and the Secretary of Health and Human Services from any and all actions or causes of action (including agreements, judgments, claims, damages, loss of services, expenses and all demands of whatever kind or nature) that have been brought, could have been brought, or could be timely brought in the Court of Federal Claims, under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10 et seq., on account of, or in any way growing out of, any and all known or unknown, suspected or unsuspected personal injuries to or death of petitioner resulting from, or alleged to have resulted from, the flu or pneumococcal vaccinations administered on or about October 16, 2014, as alleged by petitioner in a petition for vaccine compensation filed on or about September 15, 2016, in the United States Court of Federal Claims as petition No. 16-1147V.

14. If petitioner should die prior to entry of judgment, this agreement shall be voidable upon proper notice to the Court on behalf of either or both of the parties.

Respectfully submitted,
