RULING ON ENTITLEMENT¹

Dorsey, Chief Special Master:

On August 3, 2017, petitioner filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*,² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”) after receiving an influenza (“flu”) vaccination on September 8, 2015. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On March 5, 2018, respondent filed his Rule 4(c) report in which he concedes that petitioner is entitled to compensation in this case. Respondent’s Rule 4(c) Report at 1. Specifically, respondent has concluded that petitioner’s left shoulder injury is consistent with SIRVA, as defined by the Vaccine Injury Table. Specifically, petitioner

¹ Because this unpublished ruling contains a reasoned explanation for the action in this case, the undersigned intends to post it on the United States Court of Federal Claims' website, in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). In accordance with Vaccine Rule 18(b), petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, the undersigned agrees that the identified material fits within this definition, the undersigned will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all “§” references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

had no recent history of pain, inflammation, or dysfunction of her left shoulder; the onset of pain occurred within forty-eight hours after receipt of an intramuscular flu vaccination; the pain was limited to the shoulder where the vaccine was administered; and no other condition or abnormality, such as brachial neuritis, has been identified to explain petitioner's shoulder pain." *Id.* at 2-3 (citations omitted). Respondent further agrees that petitioner suffered residual effects of her condition for more than six months and that petitioner has satisfied all legal prerequisites to compensation under the Vaccine Act. *Id.*

In view of respondent's position and the evidence of record, the undersigned finds that petitioner is entitled to compensation.

IT IS SO ORDERED.
