RESPONDENT’S PROFFER ON AWARD OF COMPENSATION

On August 4, 2017, petitioner, Michaelanne Graeff, filed a petition for compensation under the National Childhood Vaccine Injury Act, 42 U.S.C. §§ 300aa-1 to -34 (“Vaccine Act”), alleging that she developed a shoulder injury related to vaccine administration (“SIRVA”) as a result of receiving an influenza (“flu”) vaccine on September 22, 2015. On May 18, 2018, respondent filed a Rule 4(c) Report indicating that petitioner is entitled to compensation for SIRVA. For the purposes of this proffer, the term “vaccine-related” is as described in Respondent’s Rule 4(c) Report. On May 21, 2018, Chief Special Master Dorsey issued a Ruling on Entitlement finding that petitioner is entitled to compensation for SIRVA.

I. Items of Compensation

A. Pain and Suffering

Respondent proffers that petitioner should be awarded \$137,500.00 in actual and projected pain and suffering. This amount reflects that the award for projected pain and suffering has been reduced to net present value. *See* 42 U.S.C. § 300aa-15(a)(4). Petitioner agrees.

B. Past Unreimbursable Expenses

Evidence supplied by petitioner documents her expenditure of past unreimbursable expenses related to her SIRVA. Respondent proffers that petitioner should be awarded past unreimbursable expenses in the amount of \$560.26. Petitioner agrees.

C. Medicaid Lien

Petitioner represents that there are no outstanding Medicaid liens against her.

II. Form of the Award

The parties recommend that the compensation provided to petitioner should be made through a lump sum payment of \$138,060.26 in the form of a check payable to petitioner.¹ This represents all elements of compensation to which petitioner is entitled under 42 U.S.C. § 300aa-15(a). Petitioner agrees.
