RESPONDENT'S PROFFER ON AWARD OF COMPENSATION

I. Compensation for Vaccine Injury-Related Items

On December 17, 2018, respondent conceded that entitlement to compensation was appropriate under the terms of the Vaccine Act. Thereafter, on December 20, 2018, Chief Special Master Dorsey issued a Ruling on Entitlement finding that petitioner was entitled to vaccine compensation for his Shoulder Injury Related to Vaccine Administration ("SIRVA"). Based on the evidence of record, respondent proffers that petitioner should be awarded \$94,128.62, which is comprised of damages for pain and suffering in the amount of \$90,000.00, damages for past lost wages in the amount of \$1,129.01, and damages for unreimbursed out-of-pocket medical expenses in the amount of \$2,999.61. This amount represents all elements of compensation to which petitioner would be entitled under 42 U.S.C. § 300aa-15(a).¹ Petitioner agrees.

¹ Should petitioner die prior to entry of judgment, the parties reserve the right to move the Court for appropriate relief. In particular, respondent would oppose any award for future lost earnings and future pain and suffering.

II. Form of the Award

The parties recommend that compensation provided to petitioner should be made through a lump sum payment of \$94,128.62, in the form of a check payable to petitioner. Petitioner agrees.

Petitioner is a competent adult. Evidence of guardianship is not required in this case.
