RESPONDENT’S PROFFER ON AWARD OF COMPENSATION

I. Items of Compensation

On May 20, 2019, respondent conceded that entitlement to compensation was appropriate under the terms of the Vaccine Act. Thereafter, on May 21, 2019, Chief Special Master Dorsey issued a Ruling on Entitlement, finding that petitioner was entitled to vaccine compensation for her Guillain-Barré Syndrome (“GBS”). Based upon the evidence of record, respondent proffers that petitioner should be awarded \$107,222.40. The award is comprised of the following: \$100,000.00 for pain and suffering and \$7,222.40 for past, unreimbursed medical expenses. This amount represents all elements of compensation to which petitioner would be entitled under 42 U.S.C. § 300aa-15(a). Petitioner agrees.

II. Form of the Award

The parties recommend that compensation provided to petitioner should be made through a lump sum payment of **\$107,222.40**, in the form of a check payable to petitioner. Petitioner agrees.

Petitioner is a competent adult. Evidence of guardianship is not required in this case.
