4(c) Report at 1. Specifically, Respondent states that Petitioner's alleged injury is consistent with SIRVA as defined on the Vaccine Injury Table. *Id.* at 4. Specifically, Petitioner had no history of pain, inflammation or dysfunction of her left shoulder, pain occurred within 48 hours after receipt of an intramuscular vaccination, pain was limited to the shoulder in which the vaccine was administered, and no other condition or abnormality has been identified to explain Petitioner's shoulder pain. *Id.* Respondent further agrees that Petitioner suffered the residual effects of her condition for more than six months. *Id.*

**In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.**
