### **DECISION AWARDING DAMAGES**<sup>1</sup>

On April 11, 2019, Charles Brandt filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*<sup>2</sup> (the “Vaccine Act”). Petitioner alleges that he suffered from Guillain-Barré syndrome (“GBS”) as a result of an influenza (“flu”) vaccine administered to him on September 30, 2017. Petition at 1. Petitioner further alleges that his vaccine related injuries have lasted more than six months after the administration of the vaccine. Petition at 6. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On May 22, 2020, a ruling on entitlement was issued, finding Petitioner entitled to compensation for GBS. On February 17, 2021, Respondent filed a proffer on award of compensation (“Proffer”) indicating Petitioner should be awarded \$178,969.98, for all damages, including \$165,000.00 representative of pain and suffering, and \$13,969.98 representative of out-of-pocket medical and related expenses. Proffer at 1. In the Proffer,

If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

Respondent represented that Petitioner agrees with the proffered award. *Id.* Based on the record as a whole, I find that Petitioner is entitled to an award as stated in the Proffer.

Pursuant to the terms stated in the attached Proffer, **I award Petitioner a lump sum payment of \$178,969.98**, for all damages (including \$165,000.00 representative of pain and suffering, and \$13,969.98 representative of out-of-pocket medical and related expenses) **in the form of a check payable to Petitioner**. **PROFFER ON AWARD OF COMPENSATION**

**I. Procedural History**

On April 11, 2019, Charles Brandt (“petitioner”) filed a petition for compensation (“petition”) under the National Childhood Vaccine Injury Act of 1986, 42 U.S.C. §§ 300aa-1 to -34, *as amended*. He alleges that, as a result of receiving the influenza vaccine on September 30, 2017, he suffered from Guillain-Barre Syndrome (“GBS”). *See* Petition at 1, 6. On May 22, 2020, respondent filed his Vaccine Rule 4(c) report, concluding that petitioner suffered GBS as defined by the Vaccine Injury Table, within the Table timeframe, and the Chief Special Master Corcoran issued a ruling on entitlement, finding that petitioner was entitled to compensation for a GBS Table injury. ECF No. 26; ECF No. 27.

**II. Items of Compensation**

Based upon the evidence of record, respondent proffers that petitioner should be awarded a lump sum of **\$178,969.98**, for all damages, including \$165,000.00 representative of pain and suffering, and \$13,969.98 representative of out-of-pocket medical and related expenses. This amount represents all elements of compensation to which petitioner is entitled under 42 U.S.C. § 300aa-15(a). Petitioner agrees.
