No. 19-1424V

UNPUBLISHED

JULIA SIMPSON,

Petitioner,

v.

SECRETARY OF HEALTH AND
HUMAN SERVICES,

Respondent.

Special Master Horner

William E. Cochran, Jr., Black, McLaren, Jones, Ryland & Griffee, P.C., Memphis, TN, for petitioner.

Ryan Daniel Pyles, U.S. Department of Justice, Washington, DC, for respondent.

DECISION¹

On September 17, 2019, petitioner filed a claim under the National Childhood Vaccine Injury Act, 42 U.S.C. § 300aa-10-34 (2012), alleging that she suffered a shoulder injury related to vaccine administration (“SIRVA”) following receipt of her October 8, 2018, influenza (“flu”) vaccination. (ECF No. 1.) On May 24, 2021, respondent filed his Rule 4 report, recommending against compensation. (ECF No. 28.) On May 25, 2023, petitioner filed a motion for a decision dismissing her petition. (ECF No. 46.)

In her motion, petitioner indicated that she “has been unable to secure evidence to prove entitlement to compensation in the vaccine program.” She continues that “[i]n these circumstances, to proceed further would be unreasonable and would waste the resources of the court, the respondent, and the vaccine program.” (ECF No. 46, p. 1.) Petitioner further stated that she “has been advised by counsel that a decision by the

¹ Because this decision contains a reasoned explanation for the special master’s action in this case, it will be posted on the United States Court of Federal Claims’ website in accordance with the E-Government Act of 2002. See 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). **This means the decision will be available to anyone with access to the Internet.** In accordance with Vaccine Rule 18(b), petitioner has 14 days to identify and move to redact medical or other information the disclosure of which would constitute an unwarranted invasion of privacy. If the special master, upon review, agrees that the identified material fits within this definition, it will be redacted from public access.

Special Master dismissing the petition will result in a judgment against petitioner. Petitioner has been advised that such a judgement will end all of petitioner's rights in the vaccine program." (*Id.*) Petitioner confirms that respondent has no objection to her motion. (*Id.* at 2.)

To receive compensation in the Vaccine Program, petitioner must prove either (1) that she suffered a "Table Injury" – *i.e.*, an injury falling within the Vaccine Injury Table – corresponding to a covered vaccine, or (2) that she suffered an injury that was actually caused by a covered vaccine. See §§ 13(a)(1)(A) and 11(c)(1). To satisfy her burden of proving causation in fact, petitioner must show by preponderant evidence: "(1) a medical theory causally connecting the vaccination and the injury; (2) a logical sequence of cause and effect showing that the vaccination was the reason for the injury; and (3) a showing of a proximate temporal relationship between vaccination and injury." *Althen v. Sec'y of Health & Human Servs.*, 418 F.3d 1274, 1278 (Fed. Cir. 2005). The Vaccine Act, 42 U.S.C. § 300aa-13(a)(1), prohibits the undersigned from ruling for petitioner based solely on her allegations unsubstantiated by medical records or medical opinion.

Petitioner's medical records do not support her allegations by a preponderance of the evidence and she did not file a medical opinion from an expert in support of her allegations. Accordingly, the undersigned **GRANTS** petitioner's Motion for Decision Dismissing Petition and **DISMISSES** this petition for failure to establish a *prima facie* case of entitlement to compensation.

CONCLUSION

This case is now **DISMISSED**. The clerk of the court is directed to enter judgment in accordance with this decision.²

IT IS SO ORDERED.
