On May 12, 2020, Byron Wilson filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that he suffered Guillain-Barre Syndrome (GBS) as a result of an influenza (flu) vaccine administered to him on October 2, 2019. Petition at 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On February 8, 2021, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent’s Rule 4(c) Report at 1. between three and forty-two days after a seasonal flu vaccination and there is no apparent alternative cause". *Id.* at 6. Respondent further agrees that the scope of damages to be awarded is limited to [P]etitioner's GBS and its related sequelae only. *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
