DECISION AWARDING ATTORNEYS' FEES AND COSTS¹

On June 24, 2020, petitioner filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. § 300aa-10, *et seq.*² ("Vaccine Act"). (ECF No. 1.) Petitioner alleged that she suffered a shoulder injury related to vaccine administration ("SIRVA"), right arm pain, and a subcutaneous tissue mass that was caused-in-fact or, in the alternative, significantly aggravated, by the influenza ("flu") vaccination that she received on August 30, 2017. (*Id.*) On March 24, 2025, the undersigned issued a decision denying compensation. (ECF No. 47.) On May 23, 2025, petitioner filed a motion seeking an award of attorneys' fees and costs. (ECF No. 50.) Petitioner requests a total of \$36,959.09 in attorneys' fees and costs, including \$36,373.25 for attorneys' fees and \$585.81 for attorneys' costs. (*Id.* at 5; ECF No. 50-1.)

² Within this decision, all citations to § 300aa will be to the relevant sections of the Vaccine Act at 42 U.S.C. § 300aa-10, *et seq.*

Respondent filed his response on June 6, 2025. (ECF No. 51.) Respondent defers to the court as to whether the statutory requirements for an award of attorneys' fees and costs have been met. (*Id.* at 2.) Noting the special master's discretion regarding attorneys' fees and costs and cautioning that determination of fees "should not result in a second major litigation" (*Id.* at 3-4 (quoting *Fox v. Vice*, 563 U.S. 826, 838 (2011))), "[r]espondent therefore respectfully requests that the Court exercise its discretion and determine a reasonable award for attorneys' fees and costs" (*Id.* at 4).

The undersigned has reviewed the billing records submitted with petitioner's request. (ECF No. 50-1.) Petitioner's counsel requested \$627 per hour for work performed in 2025 (ECF No. 50, p. 5); however, this requested rate has been adjudicated and reduced to \$562 per hour by another special master. *Tirone v. Sec'y of Health & Human Servs.*, No. 18-869V, 2025 WL 2659088, at *2 (Fed. Cl. Spec. Mstr. Aug. 21, 2025). Based on my own review, I agree with the conclusion reached by the special master in *Tirone*. Applying an hourly rate of \$562 per hour for counsel's work in 2025 results in a reduction of \$344.50. Otherwise, in the undersigned's experience, the request appears reasonable overall, and the undersigned finds no cause to reduce the requested hours or rates. Additionally, pursuant to Vaccine Rule 13(a)(3), "[t]he failure of respondent to identify with particularity any objection to a request for attorney's fees and costs may be taken into consideration by the special master in the decision." The costs also appear to be reasonable and sufficiently documented. (ECF No. 50-1, pp. 25-26; ECF No. 50-2.)

The Vaccine Act permits an award of reasonable attorneys' fees and costs. § 300aa-15(e). Based on the reasonableness of petitioner's request, the undersigned **GRANTS** petitioner's motion for attorneys' fees and costs.

Accordingly, the undersigned awards a lump sum of \$36,614.56, representing reimbursement for attorneys' fees and costs, to be paid through an ACH deposit to petitioner's counsel of record, Mark Theodore Sadaka's IOLTA account for prompt disbursement.

The clerk of the court shall enter judgment in accordance herewith.³

IT IS SO ORDERED.
