Special Processing Unit (SPU);
Ruling on Entitlement; Concession;
Table Injury; Influenza (Flu) Vaccine;
Guillain-Barre Syndrome (GBS)

Ronald Craig Homer, Conway, Homer, P.C., Boston, MA, for petitioner.

Matthew Murphy, U.S. Department of Justice, Washington, DC, for respondent.

RULING ON ENTITLEMENT¹

On September 10, 2020, Lori Grady filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered the Table Injury of Guillain-Barre Syndrome (“GBS”) as a result of her October 27, 2018 influenza (“flu”) vaccination. Petition at 1-2. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On June 15, 2021, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent’s Rule 4(c) Report at 1.

¹ Because this unpublished ruling contains a reasoned explanation for the action in this case, I am required to post it on the United States Court of Federal Claims' website in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services). **This means the ruling will be available to anyone with access to the internet.** In accordance with Vaccine Rule 18(b), Petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all “§” references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

Specifically, Respondent indicates that

Medical personnel at the Division of Injury Compensation Programs, Department of Health and Human Services (“DICP”), have reviewed the petition and medical records filed in the case. It is respondent’s position that petitioner has satisfied the criteria set forth in the Vaccine Injury Table (“Table”) and the Qualifications and Aids to Interpretation (“QAI”). 42 C.F.R. §§ 100.3(a)(XIV)(D), 100.3(c)(15).

Id. at 5.

In view of Respondent’s position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
