DECISION AWARDING DAMAGES¹

On January 7, 2021, Marie Stark filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered left shoulder injuries related to vaccine administration (“SIRVA”) resulting from an influenza vaccine received on November 6, 2019. Petition at 1. Petitioner further alleges the vaccine was administered in the United States, she experienced sequela of her condition for more than six months, and neither Petitioner nor any other party has received compensation in the form of an award or settlement for her vaccine-related injury. Petition at ¶¶ 3, 5; Ex. 1. The case was assigned to the Special Processing Unit of the Office of Special Masters.

If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all section references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

On May 9, 2022, a ruling on entitlement was issued, finding Petitioner entitled to compensation for SIRVA. On May 5, 2022, Respondent filed a proffer on award of compensation (“Proffer”) indicating Petitioner should be awarded \$90,000.00. Proffer at 5. In the Proffer, Respondent represented that Petitioner agrees with the proffered award. *Id.* Based on the record as a whole, I find that Petitioner is entitled to an award as stated in the Proffer.

Pursuant to the terms stated in the Proffer, **I award Petitioner a lump sum payment of \$90,000.00 (representing compensation for actual pain and suffering) in the form of a check payable to Petitioner.** This amount represents compensation for all damages that would be available under Section 15(a).

The Clerk of Court is directed to enter judgment in accordance with this decision.³

IT IS SO ORDERED.
