RULING ON ENTITLEMENT¹

On January 7, 2021, Luevenia Bluefort filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). She filed an amended petition on April 20, 2022. ECF No. 17. Petitioner alleges that she suffered a left shoulder injury caused-in-fact by the influenza vaccine she received on October 22, 2018. *Id.* at 1, ¶¶ 1, 8. Petitioner further alleges that she continues to suffer the residual effect of her injury more than six months post-vaccination and that neither she nor any other party has filed a civil action or received compensation for his injury. *Id.* at ¶¶ 7, 9. The case was assigned to the Special Processing Unit of the Office of Special Masters.

If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all section references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2012).

On May 4, 2023, Respondent filed his Rule 4(c) Report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1, ECF No. 27. Specifically, Respondent believes "[P]etitioner's claim meets the Table criteria for SIRVA." *Id.* at 5. Respondent further agrees that "based on the record as it now stands, [P]etitioner has satisfied all legal prerequisites for compensation under the Act." *Id.* at 6.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
