RULING ON ENTITLEMENT¹

On January 28, 2021, Fatima Collins filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”), as defined in the Vaccine Injury Table, as the result of tetanus, diphtheria, and acellular pertussis (“Tdap”) and Shingrix vaccinations received on December 2, 2020. Petition at 1. On October 19, 2023, Petitioner filed her first amended petition in which she alleged that she received a Prevnar-13 (pneumococcal conjugate) vaccination at the same time as the Tdap and Shingrix vaccinations on December 2,

2020. Second Amended Petition at 1.³ Petitioner further alleges that she suffered the residual effects of her condition for more than six months. Second Amended Petition at 19. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On December 31, 2024, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent states that "petitioner's alleged injury is consistent with SIRVA as defined by the Vaccine Injury Table. Specifically, petitioner had no history of pain, inflammation, or dysfunction of her left shoulder prior to vaccination; pain occurred within forty-eight hours after receipt of an intramuscular vaccination; pain and reduced range of motion was limited to the shoulder in which the vaccine was administered; and no other condition or abnormality has been identified to explain petitioner's shoulder pain." *Id.* at 7. Respondent further agrees that Petitioner suffered the residual effects of her condition for more than six months and that based on the record as it now stands, Petitioner has satisfied all legal prerequisites for compensation under the Act. *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
