RULING ON ENTITLEMENT¹

On September 2, 2021, Patricia Lariviere filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”), a defined Table injury, after receiving the influenza (“flu”) vaccine on October 19, 2020. Petition at 1, ¶ 2. Petitioner further alleges she received the vaccine within the United States and that neither she nor any other individual has filed received compensation for her alleged vaccine-related injury. Petition at ¶¶ 1, 11-13. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On May 19, 2023, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent has "concluded that [P]etitioner's claim meets the Table criteria for SIRVA." *Id.* at 7. Respondent further agrees that "entitlement to compensation is appropriate under the terms of the Vaccine Act." *Id.* at 8.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
