RULING ON ENTITLEMENT¹

On February 18, 2022, Sandra Fox filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”), a defined Table injury, after receiving an influenza (“flu”) vaccine on October 26, 2020. Petition at 1, ¶¶ 1, 14. Petitioner further alleges that she suffered the residual effects of her injury for more than six months and that neither she nor any other party has filed a civil claim or received compensation for her injury. *Id.* at ¶¶ 11-13. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On September 5, 2023, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent "has concluded that [P]etitioner's alleged injury is consistent with SIRVA as defined by the Vaccine Injury Table." *Id.* at 5. Respondent further agrees that "based on the record as it now stands, [P]etitioner has satisfied all legal prerequisites for compensation under the Act." *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
