RULING ON ENTITLEMENT¹

On October 6, 2022, Tiffany Wentworth filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”) as a result of an influenza (“flu”) vaccine administered on November 1, 2021. Petition at 1. Petitioner further alleges that the vaccine was administered within the United States, that she suffered the residual effects of her injury for more than six months, and that she has not received an award or compensation for her injury. Petition at 2-3. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On September 20, 2023, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent has concluded that compensation is appropriate for a SIRVA in this case. *Id.* at 4. Respondent further agrees that that Petitioner has satisfied all legal prerequisites for compensation under the Vaccine Act. *Id.* at 5.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
