RULING ON ENTITLEMENT¹

On December 2, 2022, William Walker filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that he suffered a shoulder injury related to vaccine administration (“SIRVA”), a defined Table injury, after receiving a tetanus, diphtheria, acellular pertussis (“Tdap”) vaccine on September 23, 2021. Petition at 1, ¶¶ 1, 12. Petitioner further alleges that he received the vaccine within the United States, that he suffered the residual effects of his SIRVA injury for more than six months, and that neither he nor any other party has filed a civil case or received compensation for his SIRVA injury.

Id. at ¶¶ 1, 8-10. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On January 18, 2024, Respondent filed his Rule 4(c) Report and Proffer of Compensation in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report and Proffer of Compensation at 1. Specifically, Respondent believes "that [P]etitioner's alleged injury is consistent with SIRVA as defined by the Vaccine Injury Table." *Id.* at 3. Respondent further agrees that "based on the record as it now stands, [P]etitioner has satisfied all legal prerequisites for compensation under the Act." *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
