RULING ON ENTITLEMENT¹

On August 17, 2023, Beata Brozek filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleged that she suffered a shoulder injury related to vaccine administration (“SIRVA”), a defined Table injury, after receiving an influenza (“flu”) vaccine on September 15, 2020. Petition at 1, ¶ 1. Petitioner also alleged that she received the vaccine within the United States, that she suffered the residual effects of her SIRVA for more than six months and she suffers a permanent disability, and that neither she nor any other party has filed a civil action or received compensation for her SIRVA, alleged as vaccine caused. *Id.* at ¶¶ 1, 34, 36. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On November 3, 2025, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent "has concluded that [P]etitioner's alleged injury is consistent with SIRVA as defined by the Vaccine Injury Table." *Id.* at 7. Respondent further agrees that based on the record as it now stands, [P]etitioner has satisfied all legal prerequisites for compensation under the Act." *Id.* at 8.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
