RULING ON ENTITLEMENT¹

On January 26, 2024, Adam Kasper filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that he suffered Guillain-Barré Syndrome (“GBS”), a defined Table injury, after receiving an influenza (“flu”) vaccine on November 7, 2021. Petition at 1 ¶¶ 1, 13. Petitioner also alleged that he received the flu vaccine within the United States, that he suffered the residual effects of his GBS illness for more than six months, and that neither he nor any other party has filed a civil action or received compensation for his illness, alleged as vaccine-related. *Id.* at ¶¶ 9-11. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On October 7, 2024, Respondent filed his Rule 4(c) Report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent believes that "Petitioner has satisfied the criteria set forth in the Vaccine Injury Table and Qualifications and Aids to Interpretation." *Id.* at 7.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
