RULING ON ENTITLEMENT¹

On January 26, 2024, Brooke Wood filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”), a defined Table injury, after receiving an influenza (“flu”) vaccine on October 24, 2022. Petition at 1 ¶¶ 5, 34-35. Petitioner also alleged that she received the flu vaccine within the United States, that she suffered the residual effects of her SIRVA for more than six months, and that neither she nor any other party has filed a civil action or received compensation for her SIRVA, alleged as vaccine-related. *Id.* at ¶¶

5, 34, 37-38. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On September 25, 2024, Respondent filed his Rule 4(c) Report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent believes "that [P]etitioner's alleged injury is consistent with SIRVA as defined by the Vaccine Injury Table." *Id.* at 6. He adds that "based upon the record as it now stands, [P]etitioner has satisfied all legal prerequisites for compensation under the Act." *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
