RULING ON ENTITLEMENT¹

On July 26, 2024, Alvin Thomas III filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that he suffered a “Table Injury” of shoulder injury related to vaccine administration (“SIRVA”), as the result of an influenza (“flu”) vaccination received on November 5, 2022. Petition at 2. Petitioner further alleges that he suffered the residual effects of her injury for more than six months, and that there has been no prior award or settlement of a civil action on his behalf as a result of his injury. Petition at 1, 5-6. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On February 25, 2025, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report Conceding Entitlement to Compensation at 1. Specifically, Respondent has concluded that Petitioner's injury is consistent with a SIRVA as defined by the Vaccine Injury table. *Id.* at 5. Respondent further agrees that Petitioner has suffered the sequela of his injury for more than six months and all other legal requirements have been met for compensation under the Act. *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
