RULING ON ENTITLEMENT¹

On July 26, 2024, Christy Williams filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”), a defined Table injury, or in the alternative a caused-in-fact injury, after receiving a tetanus, diphtheria acellular pertussis (“Tdap”) vaccine on February 13, 2023. Petition at 1 ¶¶ 6, 46. Petitioner also alleged that she received the Tdap vaccine within the United States, that she suffered the residual effects of her SIRVA for more than six months, and that neither she nor any other party has filed a civil action

or received compensation for her SIRVA, alleged as vaccine-related. *Id.* at ¶¶ 6, 45, 47. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On January 16, 2025, Respondent filed his Rule 4(c) Report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent believes "that [P]etitioner's alleged injury is consistent with SIRVA as defined by the Vaccine Injury Table." *Id.* at 4. He adds that "based upon the record as it now stands, [P]etitioner has satisfied all legal prerequisites for compensation under the Act." *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
