

In the United States Court of Federal Claims

OFFICE OF SPECIAL MASTERS

No. 24-1293V

TANNISTA BANERJEE,

Petitioner,

v.

SECRETARY OF HEALTH AND
HUMAN SERVICES,

Respondent.

Chief Special Master Corcoran

Filed: February 27, 2026

Joseph P. Shannon, Shannon Law Group, Woodridge, IL, for Petitioner.

Mallori Browne Openchowski, U.S. Department of Justice, Washington, DC, for Respondent.

RULING ON ENTITLEMENT¹

On August 21, 2024, Tannista Banerjee filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that that she suffered a Table injury - shoulder injury related to vaccine administration (“SIRVA”) as a result of the administration of her August 26, 2023 influenza (“flu”) vaccination. Petition at 1. Petitioner further alleges that she received the vaccine in the United States, that she suffered the residual effects of her injury for more than six months, and that there has been no prior award or settlement of a civil action on her behalf as a result of her injury. Petition at ¶¶ 2, 19, 22-23. The case was assigned to the Special Processing Unit of the Office of Special Masters.

¹ Because this Ruling contains a reasoned explanation for the action taken in this case, it must be made publicly accessible and will be posted on the United States Court of Federal Claims' website, and/or at <https://www.govinfo.gov/app/collection/uscourts/national/cofc>, in accordance with the E-Government Act of 2002. 44 U.S.C. § 3501 note (2018) (Federal Management and Promotion of Electronic Government Services). **This means the Ruling will be available to anyone with access to the internet.** In accordance with Vaccine Rule 18(b), Petitioner has 14 days to identify and move to redact medical or other information, the disclosure of which would constitute an unwarranted invasion of privacy. If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all section references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2018).

On February 23, 2026, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent states that

DICP [the Division of Injury Compensation Programs ("DICP") at the Department of Health and Human Services] has concluded that petitioner's alleged injury is consistent with SIRVA as defined by the Vaccine Injury Table. Specifically, petitioner had no history of pain, inflammation, or dysfunction of her left shoulder prior to vaccination; shoulder pain occurred within forty-eight hours after receipt of an intramuscular flu vaccination; shoulder pain and reduced ROM were limited to the side in which the vaccine was administered; and no other condition or abnormality has been identified to explain petitioner's shoulder pain. 42 C.F.R. § 100.3(a)(XIV)(B), (c)(10). Additionally, based on the medical records outlined above, petitioner suffered the residual effects of her condition for more than six months. Therefore, based on the record as it now stands, petitioner has satisfied all legal prerequisites for compensation under the Act. See 42 U.S.C. § 300aa-11(c)(1)(D)(i), -13(a)(1)(B).

Id. at 4.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
