RULING ON ENTITLEMENT¹

On October 18, 2024, Lesia Powe, as administrator of the estate of her husband Timothy Powe, filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleged that Mr. Powe suffered Guillain-Barré Syndrome (“GBS”), a defined Table injury, after receiving an influenza (“flu”) vaccine on November 18, 2021. Petition at 1 ¶¶ 1-3, 22. Petitioner also alleged that Mr. Powe received the vaccine within the United States, that he suffered the residual effects of his GBS more than six months post-vaccination, and that neither he nor any other party has filed a civil action or received compensation

for his GBS illness, alleged as vaccine-related. *Id.* at ¶¶ 23-25. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On August 14, 2025, Respondent filed his Rule 4(c) Report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent believes "that [P]etitioner has satisfied the criteria set forth in the Vaccine Injury Table (Table) and the Qualifications and Aids to Interpretation (QAI), which afford [P]etitioner a presumption of causation." *Id.* at 6.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
