RULING ON ENTITLEMENT¹

On March 13, 2025, John Garland, Shannon Land, and Erin Albert, as Administrators of the Estate of Johnny Scott Garland (“Petitioners”), filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioners alleged that Johnny Scott Garland (“Mr. Garland”) suffered Guillain-Barré Syndrome (“GBS”), a defined Table injury, or in the alternative caused-in-fact injury, after receiving an influenza (“flu”) vaccine on October

31, 2023. Petition at 1, ¶¶ 4, 45-46. Petitioners also alleged that Mr. Garland received the vaccine within the United States, that he suffered the residual effects of his GBS until his death on December 6, 2023, and that neither Petitioners nor any other party has filed a civil action or received compensation for Mr. Garland's GBS, alleged as vaccine caused. *Id.* at ¶¶ 4, 44, 48. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On October 23, 2025, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent "has concluded that [P]etitioners have satisfied the criteria set forth in the Vaccine Injury Table ("Table") and Qualifications and Aids to Interpretation ("QAI"), which afford [P]etitioners a presumption of causation." *Id.* at 8. Respondent further agrees that based on the record as it now stands, [P]etitioner has satisfied all legal prerequisites for compensation under the Act." *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
