RULING ON ENTITLEMENT¹

On April 30, 2025, Dawn Peer filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”) resulting from an influenza vaccine received on September 27, 2022. Petition at 1-8. Petitioner further alleges that the vaccine was administered in the United States, she suffered injuries lasting more than six months, and neither Petitioner, nor any other party, has ever brought an action or received compensation for Petitioner’s vaccine-related injuries. Petition at ¶¶ 1, 24, 26, 27. The case was assigned to the Special Processing Unit of the Office of Special Masters.

If, upon review, I agree that the identified material fits within this definition, I will redact such material from public access.

² National Childhood Vaccine Injury Act of 1986, Pub. L. No. 99-660, 100 Stat. 3755. Hereinafter, for ease of citation, all section references to the Vaccine Act will be to the pertinent subparagraph of 42 U.S.C. § 300aa (2018).

On November 10, 2025, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent agrees that Petitioner's alleged injury is consistent with SIRVA as defined by the Vaccine Injury Table in that "petitioner had no history of pain, inflammation, or dysfunction in her right shoulder prior to vaccination; pain occurred within forty-eight hours after receipt of an intramuscular vaccination; pain and decreased ROM were limited to the shoulder in which the vaccination was administered; and no other condition or abnormality has been identified to explain petitioner's shoulder pain." *Id.* at 5. Respondent further agrees that the records demonstrate that Petitioner suffered residual effects of her condition for more than six months and has satisfied all legal prerequisites for compensation under the Vaccine Act. *Id.*

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
