RULING ON ENTITLEMENT¹

On May 23, 2025, Justin Chambers filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that he suffered a shoulder injury related to vaccine administration (“SIRVA”) as a result of a tetanus and diphtheria vaccine. Petition at 1. Petitioner further alleges that the vaccine was administered within the United States, that he suffered the residual effects of his injury for more than six months, and that there has been no settlements or awards on his behalf as a result of his injury. Petition at 1, 4. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On May 21, 2026, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report Conceding Entitlement to Compensation at 1. Specifically, Respondent has concluded that Petitioner's injury meets the requirements of a SIRVA Table injury. *Id.* at 5. Respondent further agrees that Petitioner has satisfied all requirements for compensation under the Vaccine Act. *Id.* at 6.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
