RULING ON ENTITLEMENT¹

On June 27, 2025, Cheryl Farrell filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a shoulder injury related to vaccine administration (“SIRVA”) as a result of an influenza vaccine. Petition at 1. Petitioner further alleges that the vaccine was administered within the United States, that she suffered the residual effects of her injury for more than six months, and that there has been no settlements or awards on her behalf as a result of her injury. Petition at 1, 5. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On May 26, 2026, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent’s Rule 4(c) Report

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.
